52.	K. S. Shree-dharan	-do-	S.D.II/Div. XXI, Vasco in the existing vacancy.	68.	Amar Vazirani	-do-	S.D.I/Div. III, Panaji vice A. S. Panchamukhi transferred.
53.	Purshottam A. S.	-do-	S.D.III/Div. XXI, Margao in the existing vacancy.	69.	D. K. Shet	-do-	S.D.I/Div. XVII, Bicholim vice Shri B. A. Chowgule transferred.
54.	Anthony Mathew	-do-	As ASW/Div. XXI, Margao in the existing vacancy.	70.	M. V. Sasi	-do-	S.D.II/Div. VIII, Margao vice Shri I. R. Hawaldar transferred.
55.	M. P. Velayudhan	-do-	S.D.I/Div. XXIII, Sanquelim in the existing vacancy.				
56.	Mohan Raju N. R. K.	S.D.III/Div. XVI, Ponda	As ASW/Div. XXIV, Ponda in the existing vacancy.				
57.	B. S. Kharade	O/o SE (Mon. & Eva.) Panaji	S.D.I/Div. XXIV, Ponda in the existing vacancy.				
58.	D. C. Gupta	On promotion	O/o the Resident Commissioner, Goa Sadan, New Delhi.				
59.	Subhakumar K. C.	-do-	S.D.IV/Div. XXIII, Sanquelim vice Shri A. B. Rao transferred.				

Shri Deelip Dhavalikar, AE shall also hold the additional charge of S.D.V/Div.III, Opa in addition to his own duties and until further orders. Further, Shri D. K. Shet, AE, shall also hold the additional charge of S.D.VI/Div.XVII, Valpoi in addition to his own duties and until further orders.

With the issue of this, the deputation order of Shri D. C. Gupta stands cancelled.

By order and in the name of the Governor of Goa.

P. P. Borkar, Principal Chief Engineer, PWD & Ex-Officio Addl. Secretary.

Panaji, 8th July, 2003.

Department of Revenue

Notification

No. 22/72/2002-RD

Whereas by Government Notification No. 22/72/2002-RD dated 17-12-2002 published on page 903 of Series II, No. 37 of the Official Gazette, dated 17-12-2002 and in two newspapers (1) 'Sunaparant' dated 19-12-2002 (2) 'Herald' dated 20-12-2002 it was notified under section 4 of the Land Acquisition Act, 1894 (Central Act 1 of 1894) (hereinafter referred to as "the said Act") that the land, specified in the Schedule appended to the said Notification was likely to be needed for the public purpose viz. Land Acquisition for the Construction of Telephone Exchange building at Anjuna-Goa.

And whereas, the Government of Goa (hereinafter referred to as "the Government") after considering the report made under sub-section (2) of section 5A of the said Act is satisfied that the land specified in the Schedule hereto is needed for the public purpose specified above (hereinafter referred to "the said land").

Now, therefore, the Government hereby declares, under section 6 of the said Act that the said land is required for the public purpose specified above.

2. The Government also appoints, under clause (c) of section 3 of the said Act, the Dy. Collector/S.D.O., Mapusa to perform the functions of a Collector for all proceedings hereinafter to be taken in respect of the said land, and directs him under section 7 of the said Act to take order for the acquisition of the said land.

3. A plan of the said land can be inspected at the Office of the said Dy. Collector/S.D.O., Mapusa till the award is made under section 11.

Department of Rural Development

Order-33

No. DRDA-N/6-3(QC)/02-03/PMGSY/1426

Government is pleased to appoint the following for the purpose of Quality Control Mechanism as per the Guidelines of the Pradhan Mantri Gram Sadak Yojana (PMGSY):

- Senior Technical Examiner of the Department of Vigilance as the **State Quality Control Co-ordinator (SQC)**, and
- Government Polytechnic, Panaji as **State Quality Control Unit/Monitor (SQM) Agency**.

The duties & functions of the SQC & SQM are shown in the guidelines annexed to this order.

The Executing Agencies i.e. DRDA-North & DRDA-South shall inform each step of the works under PMGSY to the above mentioned Quality Control Authorities.

By order and in the name of the Governor of Goa.

N. D. Agrawal, Joint Secretary (R.D.).

Panaji, 9th July, 2003.

Guidelines on action to be taken on the reports of the National Quality Monitors

At DPIU level the following action may be taken (unless for reasons to be recorded, it is proposed not to act on any portion of the NQM Report).

- Action should be taken in respect of every work and every item of work inspected, wherein an observation is made.

- ii) The work or the item of work which has been reported as 'Poor' should be got re-done whereas the work or item of work which has been reported as 'Average' should be rectified.
- iii) In case of works under progress all works should be of a quality which should be graded as 'Good' and in case of completed works all works should be of a quality which should be graded as 'Very good'.
- iv) As per the Revised Guidelines, the works in progress which has been graded as 'Poor' or 'Average' in the inspection of the National Quality Monitor will be got re-done or rectified respectively and the work will be re-inspected by

a State Quality Monitor/National Quality Monitor to see that the necessary rectification has been carried out. Action will be taken to black list the Contractor in respect of works found 'Poor' or 'Average' on completion. Action for making the work as 'Very Good' shall also be taken in respect of work classified only as 'Good' on completion.

- v) The Action Taken Report will be prepared by Executive Engineer/Head of Project Implementing Unit in the prescribed Format and will be sent to the State Quality Control Co-ordinator. The State Quality Control Co-ordinator will mention his remarks and send a copy of Action Taken Statement to NRRDA.

**Action Taken Statement on the Pending Reports of NQMs of the
..... District for the month of**

Name of National Quality Monitor

Date of Inspection

S. No.	Name of Block & Name of Work	Paragraph of Report on which action required S. No. of Para	Action Required	Parawise Action Taken	Whether Action is complete (Yes/No.)	If 'No' in col 6, specify the date when the action will be completed	Remarks/ /Reasons for delay if any
1	2	3	4	5	6	7	8

Remarks of SQC

(Name and Signature of Executive Engineer/DPIU)

(Name and Signature of SQC)

Guidelines to fill up the format

1. In case of On going works, if the overall grading of work is less than "Good" and in case of completed works if overall grading of work is less then "Very Good", the action taken report is to be prepared.
2. Separate format shall be filled up for each District.
3. Column 1 & 2 are self explanatory.
4. In Column No. 3 & 4, the serial No. of paragraphs of Report of National Quality Monitor and in short the action warranted is required to be mentioned.
5. In Column No. 5, short description of the action taken should be mentioned.
6. In Column No. 6, it should be mentioned that whether the action taken is complete or not.
7. If the reply in the Column No. 6 is No then in Column No. 7, the date is to be mentioned on which the action will be completed.
8. Column No. 8 may be used for remarks and reasons for delay in taking action should be mentioned.
9. The Format will be filled up by the EE/DPIU and sent to SQC. The SQC will fill up the Remark Column and forward the Report to the NRRDA.

National Rural Roads Development Agency
(An Agency of the Ministry of Rural Development)
Government of India

**Guidelines on Quality Monitoring and Control
Mechanism for PMGSY**

1. Introduction:- The Pradhan Mantri Gram Sadak Yojana envisages a three tier quality control & quality monitoring mechanism. **The first tier** is the District Programme Implementation Unit (DPIU) which is the executing agency at the work level. It is the responsibility of the executing agency to perform mandatory quality control tests and to ensure authenticity of test results. **The second tier** is the quality monitoring at the State level, wherein, the States are required to engage agency/persons independent of the executing agency that will carry out the monitoring of the quality at the State level. **The third tier** of this mechanism is quality monitoring at national level wherein the NRRDA engages National Quality Monitors to carry out quality testing of PMGSY works on random sampling basis, mainly in order to ensure that the programme Implementation and State Quality Control System is working satisfactorily. The NQMs are expected to make constructive suggestions relating to procedural aspects in addition to locating problems at individual work levels.

2. Quality Control Hand Book and Quality Control Registers:- Ensuring the quality of the road works is the responsibility of the State Governments/Union Territory Administrations who are implementing the programme. Quality Control Registers shall invariably be maintained for each of the road works under the Programme. Payment shall not be made to the Contractors unless the mandatory tests prescribed in Rural Roads Manual and the Quality Control Handbooks have been conducted and results have been found in accordance with the specifications. Quality Control Registers will be maintained in two parts. The first part will be **Quality Control Register – Record of Tests** and the second part will be the **Record of Abstract of Tests and Non-Conformance Reports**. Register Part-I will be maintained by Officer in-charge of basic quality control testing not below the rank of Junior Engineer. Register Part-II will be maintained by Site Officer in-charge not below the rank of Assistant Engineer.

3. First tier quality control: Head of programme Implementing Unit (PIU) or the Executive Engineer is responsible for quality control of the works under his charge. He is responsible for all mandatory quality control tests. In some States, the Quality Control Tests are done by the Department themselves, whereas, in other States the contractor is responsible for establishment of Quality Control Laboratories and getting the tests conducted. The Contracts as per Standard Bidding Document of PMGSY provides for establishment of field laboratories by the contractor. The following process is suggested for the first tier quality control.

- a) The basic responsibility for proper Quality Control Tests is at Programme Implementing Unit level (PIU). If the contractor is responsible for Quality Control Tests then following check mechanism may be prescribed.
 - i. All the tests should be conducted by the designated qualified staff of the Contractor and the Quality Control Register Part-I should be maintained by him.
 - ii. 50% of the tests should be conducted in the presence of the in-charge JE of the work and the JE should record his observations in the Quality Control Register Part-I.
 - iii. 20% of the tests should be conducted in the presence of the in-charge AE of the work and the AE should record his observations in the Quality Control Register Part-I.
 - iv. 5% of the tests should be conducted in the presence of the in-charge EE/PIU of the work and the EE/PIU should record his observations in the Quality Control Register Part-I. The EE/PIU will also see that the non conformance reports are issued in time and action is taken by the contractor in time.
 - v. The Superintending Engineer (SE), during his visits to the work will oversee the Quality Control Tests and records his observation in the Quality Control Register Part-I. The SE will also see that the non conformance reports are issued in time and action is taken by the contractor in time.
 - vi. The Chief Engineer (CE), during his visits to the work will oversee the Quality Control Tests and records his observation on Quality Control Register Part-I. The CE will also see that the non conformance reports are issued in time and action is taken by the contractor in time.
- b) In case, the Quality Control tests are conducted by the Department/Project Implementing Unit, the tests will be conducted by the staff of Quality Control Laboratory but the check mechanism as given in paragraph (a) ii to (a) vi will also apply in such cases.
- c) The monthly return of the tests will be submitted in the prescribed Proforma (**Annexure 1**) by the Assistant Engineer to the Executive Engineer in the first week of every month. The Executive Engineer will review this return regularly to see that the Quality Control tests are being performed at the desired frequency and with desired accuracy. The EE will also see that the non conformance reports are issued by the AE whenever non-conformance occurs and the contractor promptly takes actions on non-conformance reports. The payment of the Contractor should be regulated as per the returns of the Quality Control Tests.

4. Second Tier Quality Control: As the second tier of Quality Control structure, periodic inspections of works will be carried out by the State Quality Control units/

Monitors, setup/engaged by State Government independent of the Executive Engineer/PIUs. This tier of Quality monitoring is very important and has been designed to see that the Executing agency is carrying out the Quality Control as per specifications. The States may designate any agency for this work or may engage retired officers of the level of Executive Engineer and above. The State Governments are expected to issue requisite guidelines for the proper functioning of this tier. The following process may be adopted for State level quality monitoring.

a) There should be a State Quality Control Co-ordinator (SQC) of the rank of the Superintending Engineer (SE) or above. The functions of the Co-ordinator should be as follows:-

- i. To co-ordinate and supervise first tier Quality Control arrangement.
- ii. To co-ordinate and control the activities of State Quality Monitoring arrangement and ensure compilation of action on the reports of State Quality Monitors.
- iii. To facilitate and co-ordinate the activities of the National Quality Monitoring arrangement and ensure compilation of action on the reports of National Quality Monitors.
- iv. To prepare monthly abstracts of SQM visits and an Annual Quality Report based on the Reports of SQMs and NQMs and action taken thereon.

b) State Quality Units/Monitors (SQM) should be set up/engaged by the State Government to oversee the quality in the programme Districts. These monitors should be independent of the Executing agency and should report to the State Quality Control Co-ordinator. Quality Control organizations, agencies or individuals who have experience in Quality Control of road works can be engaged for this purpose.

c) The programme for SQMs should be drawn up in such a way that every work is inspected at least two times. The first inspection of every work should be carried out during the execution of work and the second inspection should be carried out on the completion of every work, but not more than one month thereafter.

d) The SQC may draw up a monthly Schedule for Monitors (Block/Panchayatwise) so as to ensure systematic coverage. A well defined system should be formulated to monitor the compliance of the observations of the State Quality Monitor.

e) The SQM should be given a detailed format for the inspection report which should cover the following aspects.

- i. Design of pavement and CD works.
- ii. Provisions made in estimates.

iii. Management of the contract, deployment of qualified staff by the contractor and establishment of Quality Control Laboratory by the contractor.

iv. Construction programme and progress of work.

v. Execution methodology and adherence to specifications.

vi. Arrangement at Quality Testing Laboratories.

vii. Record of Tests-Quality Control Registers and their upto date maintenance.

viii. Accuracy of Quality Control Tests, issuance of non conformance reports (NCR) and action of contractor on NCRs.

ix. Inspection of departmental officer/SQMs or NQMs and compliance of the instructions.

x. Provision and execution of CD works and side drains.

xi. Road furniture, Logo and Signboards.

xii. Timely payment to the contractors.

xiii. Other issues including the technical knowledge of the staff of the executing agency and the contractor.

f) The State Quality Co-ordinator may send the Monitor's reports to the Project Implementing Unit with a copy to the CE/SE. Compliance reports should be routed to the SQC through the CE/SE. All cases of delay in reporting compliance and major cases of deviation from acceptable quality should be taken seriously. State Governments may adopt a four level classification for quality "Poor", "Average", "Good" and "Very Good" similar to the NQMs, in order to ensure uniformity of approach and evaluation.

g) The SQMs may hold Meetings with PIUs and the Contractors and inspect Field/District Laboratories to ensure smooth functioning of the Quality Control Mechanism.

h) The SQCs/SQMs should also interact with the State Technical Agencies in matters relating to the design, testing and execution.

i) Each month, the SQC will compile an abstract of the SQM visits giving the Districtwise gradings and send copies to the DPIU, CE, Nodal Department and NRRDA in the prescribed Format (Annexure 2).

j) The State Quality Control Co-ordinator should send an Annual Report to NRRDA through the State Nodal Agency comprising the analyzed performance State Quality Monitoring System in a prescribed format. The analysis should include the SQM reports, NQM reports, action taken in individual cases and systemic deficiencies detected and remedied.

- k) The Annual Quality Report will be forwarded to the NRRDA, the STAs concerned and the PTA for the State. The PTA shall analyze the Report, and there after such further study and field visits as may be necessary, with the approval of NRRDA, shall make recommendations on action to be taken at system and organizational level to improve quality of constructed roads and the programme performance in general.

5. Third Tier Quality Control: As the third tier of the Quality Control Structure, the NRRDA is engaging independent National Quality Monitors (NQM) mostly retired Senior Engineers with State/Central Organisations. The NQMs are given the Programme of inspection for every month indicating the Districts (and Blocks) to be visited. The inspection of National Quality Monitors is programmed in such a way that they are allotted the inspection of the States adjoining the States from where they retired. The NQMs are given three Districts every month, where they are required to carry out inspection of ten to twelve works spending about three days in every District. Format for inspection report of the Monitors has been prescribed and the NQMs are submitting the copy of the report to the State Government as well as NRRDA. The NQMs are also expected to interact with SQCs and State Technical Agencies, where convenient.

The National Quality Monitors are required to visit the work when it is at least at a stage of sub grade construction. They will evaluate each part of the work for material and workmanship as per the format for Inspection Report of National Quality Monitor, indicating the tests carried out and the test results obtained. They will also analyze the result in relation to the Contractor/DPIU/SQMs testing/inspection. An advance copy of the Inspection Report will be handed over by the NQM to the Head of the DPIU immediately after completion of the inspection.

The National Quality Monitors will submit all individual workwise Inspection Report along with a general analysis based on the works inspected by him as well as other inspection reports accessed by him. **Since the role of the National Quality Monitors is guidance and improvement rather than mere 'fault finding', the analysis is an extremely important aspect and must be prepared with care, bringing out systemic deficiencies/shortcomings and suggestions for improvement in**

- Design and Estimation
- Execution and Supervision
- Quality Control
- Contracting etc.

The analysis of the Reports of the NQMs is done at NRRDA and the States are requested to take appropriate action on the report of the National Quality Monitors as quickly as possible. A monthly abstract is prepared in a format similar to the one for SQMS and circulated to all States.

6. Action to be taken on National Quality Monitors Reports: The action on the reports of National Quality Monitors may be taken in the following manner.

- a. The NRRDA will after scrutiny forward a copy of the Individual Inspection Reports along with the National Quality Monitors report to the SQC.
- b. On receipt of the report of the National Quality Monitors the State Quality Control Co-ordinator will immediately forward the Inspection Report to the Project Implementing Unit/Executive Engineer for taking action on every paragraph of the report. He will also initiate action on the general issues brought out by the National Quality Monitors in his analyzed report.
- c. The Executive Engineer/Project Implementing Unit will start the action and send the paragraph wise Action Taken Report (ATR) to the QC Co-ordinator.
- d. The Quality Control Co-ordinator will compile the Action Taken Reports in the prescribed format and forward it to NRRDA along with comments/ /action taken on the general suggestions made by the NQM. The Action Taken Report for the works inspected during the month should be sent to NRRDA by last week of the following months. If the action suggested in the report takes more than one month time, that date should be specified on which the action is likely to be completed. The intimation should also be sent to NRRDA when the action has been completed.
- e. In case there is disagreement with the findings/ /recommendation in an National Quality Monitors Reports, this should be communicated as part of the Action taken Report sent by the DPIU through the State Quality Co-ordinator.

7. Quality Control Laboratories: The States are required to establish the Field Level Quality Control Laboratories and District level laboratories as per the provisions of the Rural Roads Manual. The laboratories are required to be provided with the equipments and trained staff. The Laboratories of Engineering Colleges and other institutions should also be used for higher level of Quality Control Testing. For meeting the requirements of testing the State Governments may empanel the laboratories of such institutions and may also fix the rates for conducting different tests. The training and staffing of the laboratories should be done by the State Governments.

Regular training programmes should be organized for the staff of laboratories also to ensure effectiveness of testing process and accuracy of results.

FORMAT FOR

Monthly Return of the Tests conducted (Return from AE/AEE to EE/Head DPIU)

Name of District: Name of Block

S. No.	Name of Work	Total No. of mandatory QC Tests required	Total No. of mandatory QC Tests required during the month	Tests Conducted During the Month			Cumulative Tests Conducted			Action Taken Report				Remark
				Nos. Conducted	Nos. Qualified	Nos. Not Qualified	Nos. Conducted	Nos. Qualified	Nos. Not Qualified	Nos. for which NCR issued	Nos. Action taken by contractor	Nos. Contractor's Action Pending	Nos. DPIU's Action Pending	
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15

Instructions to fill up the format

- Sl. No. 1 & 2 are self explanatory.
- Sl. No. 3 - Total No. of Mandatory tests required as per estimate to be shown.
- Sl. No. 4 - Total No. of Mandatory tests required during the month as per the work done.
- In column No. 5, 6 & 7 - No. of tests conducted, out of which No. of Tests which have qualified and No. of Tests which have not qualified should be mentioned.
- In column No. 8, 9 & 10 - Total Cumulative No. of tests conducted since the starting of the work out of which No. of Tests which have qualified and No. of Tests which have not qualified should be mentioned.
- In column No. 11, 12, 13 & 14 the details of Action Taken is to be given. In column No. 11, No. of Tests for which Non-Conformance Report (NCR) has been issued should be mentioned. Similarly for column No. 12 No. of tests for which action has been taken by the Contractor should be mentioned and in column No. 13 No. of Tests for which action spending at Contractor level should be mentioned. In column No. 14 of Tests for which DPIU's action spending should be mentioned.

Department of Sports

Directorate of Sports

Order

No. 8/9/92/DS/1034

Read: i. Govt. Order No. 8/1/2000/Ad hoc-Prom/DSYA/
/3724 dated 28-2-2002.

ii. Corrigendum No. 8/1/2000/Ad hoc-Prom/D.S./
/477 dated 21-5-2002.

On the recommendation of the Goa Public Service Commission, sanction of the Government is hereby conveyed for extending the ad hoc appointment of Shri N. G. Akhargekar, Deputy Director (Sports) in the Directorate of Sports for a further period from 1-3-2003 to 31-8-2003.

By order and in the name of the Governor of Goa.

V. M. Prabhu Desai, Director of Sports/Jt. Secretary
(Ex-Officio).

Panaji, 23rd July, 2003.

Department of Vigilance

Directorate of Vigilance

Order

No. 13/26/86-VIG

The Government is pleased to appoint Shri Bipin H. Karpurkar, Junior Engineer, Water Resources Department, Panaji - Goa as Assistant Technical Examiner in the Directorate of Vigilance, Panaji on deputation in the pay scale of Rs. 6500-200-10500 with effect from 01-08-2003 (B.N.).

The deputation of Shri Karapurkar shall be for a period of one year in the first instance and it will be governed by the usual terms and conditions of deputation as contained in the Govt. O. M. No. 13/4/74-PER dated 12-2-1999 as amended from time to time.

The appointment is made against the post held by Shri Jayant G. Tari, Asstt. Technical Examiner.

The expenditure on pay and allowances shall be debited to the Budget Head "2059 - Public Works, 80 - General, 001 - Direction and Administrative-01 - Direction, 01 - Salaries".
